Honda Engine Swaps Aaron Bonk  
2007-02-01 When it comes to their personal transportation, today's youth have shunned the large, heavy performance cars of their parents' generation and instead embraced what has become known as the "sport compact"--smaller, lightweight, modern sports cars of predominantly Japanese manufacture. These cars

respond well to performance modifications due to their light weight and technology-laden, high-revving engines. And by far, the most sought-after and modified cars are the Hondas and Acuras of the mid-'80s to the present. An extremely popular method of improving vehicle performance is a process known as engine swapping. Engine swapping consists of removing a more powerful

engine from a better-equipped or more modern vehicle and installing it into your own. It is one of the most efficient and affordable methods of improving your vehicle's performance. This book covers in detail all the most popular performance swaps for Honda Civic, Accord, and Prelude as well as the Acura Integra. It includes vital information on electrics, fit, and drivetrain compatibility, design considerations, step-by-step instruction, and costs. This book is must-have for the Honda enthusiast.

**Day** Kenneth Goldsmith 2003 Poetry. "I am spending my 39th year practicing uncreativity. On Friday, September 1, 2000, I began retyping the day's NEW YORK TIMES word for word, letter for letter, from the upper left hand corner to the lower right hand corner, page by page." With these words, Kenneth Goldsmith embarked upon a project which he termed "uncreative writing", that is: uncreativity as a constraint-based process; uncreativity as a creative practice. By typing page upon page, making no distinction between article, editorial and advertisement, disregarding all typographic and graphical treatments, Goldsmith levels the daily newspaper. DAY is a monument to the ephemeral, comprised of yesterday's news, a fleeting moment concretized, captured, then reframed into the discourse of literature. "When I reach 40, I hope to have cleansed myself of all creativity"-Kenneth Goldsmith.
