Chocolat Joanne Harris 2010-12-03 When the exotic stranger Vianne Rocher arrives in the old French village of Lansquenet and opens a chocolate boutique called "La Celeste Praline" directly across the square from the church, Father Reynaud identifies her as a serious danger to his flock. It is the beginning of Lent: the traditional season of self-denial. The priest says she'll be out of business by Easter. To make matters worse, Vianne does not go to church and has a penchant for superstition. Like her mother, she can read Tarot cards. But she begins to win over customers with her smiles, her intuition for everyone's favourites, and her delightful confections. Her shop provides a place, too, for secrets to be whispered, grievances aired. She begins to shake up the rigid morality of the community. Vianne's plans for an Easter Chocolate Festival divide the whole community. Can the solemnity of the Church compare with the pagan passion of a chocolate éclair? For the first time, here is a novel in which chocolate enjoys its true importance, emerging as an agent of transformation. Rich, clever, and mischievous, reminiscent of a folk tale or fable, this is a triumphant read with a memorable character at its heart. Says Harris: "You might see [Vianne] as an archetype or a mythical figure. I prefer to see her as the lone gunslinger who blows into the town, has a showdown with the man in the black hat, then moves on relentlessly. But on another level she is a perfectly real person with real insecurities and a very human desire for love and acceptance. Her qualities too - kindness, love, tolerance - are very human." Vianne and her young daughter Anouk, come into town on Shrove Tuesday. "Carnivals make us uneasy," says Harris, "because of what they represent: the residual memory of blood sacrifice (it is after all from the word "carne" that the term arises), of pagan celebration. And they represent a loss of inhibition; carnival time is a time at which almost anything is possible." The book became an international best-seller, and was optioned to film quickly. The Oscar-nominated movie, with its star-studded cast including Juliette Binoche (The English Patient) and Judi Dench (Shakespeare in Love), was directed by Lasse Hallstrom, whose previous film The Cider House Rules (based on a John Irving novel) also looks at issues of community and moral standards, though in a less lighthearted vein. The idea for the book came from a comment her husband made one day while he was immersed in a football game on TV. "It was a throwaway comment, designed to annoy and it did. It was along the lines of...Chocolate is to women what football is to men..." The idea stuck, and Harris began thinking that "people have these conflicting feelings about chocolate, and that a lot of people who have very little else in common relate to chocolate in more or less the same kind of way. It became a kind of challenge to see exactly how much of a story I could get which was uniquely centred around chocolate." Rich with metaphor and gorgeous writing...sit back and gorge yourself on Chocolat.

Sin & Chocolate K. F. Breene 2021-07-29 Some people are ordained for greatness? Those people usually have a lot of drama in their life. Drama I happily do without. But when Kieran, a sinfully sexy demigod at the pinnacle of power, crashes into my life, suddenly my whole world is turned upside down. He's harboring a deadly secret, one that could destroy all he holds dear. He thinks I'm the key to his salvation, and he wants me to help him claim vengeance. He also wants me with a passion that burns my body from the inside out. To ignore him is impossible, but to give in to my desires, even for a night, would thrust me into danger I might not survive. But can I resist the temptation?

The Road Cormac McCarthy 2007-03-20 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Stuffed and Starved Raj Patel 2012-06-05 Completely updated and revised edition of one of the most widely-praised food books of recent years. It's a perverse fact of modern life: There are more starving people in the world than ever before, while there are also more people who are overweight. To find out how we got to this point and what we can do about it, Raj Patel launched a comprehensive investigation into the global food network. It took him from the colossal supermarkets of California to India's wrecked paddy-fields and Africa's bankrupt coffee farms, while along the way he ate genetically engineered soy beans and dodged flying objects in the protestor-packed streets of South Korea. What he found was shocking, from the false choices given us by supermarkets to a global epidemic of farmer suicides, and real reasons for famine in Asia and Africa. Yet he also found great cause for hope—in international resistance movements working to create a more democratic, sustainable and joyful food system. Going beyond ethical consumerism, Patel explains, from seed to store to plate, the steps to regain control of the global food economy, stop the exploitation of both farmers and consumers, and rebalance global sustenance.
