My Mother Was a Freedom Fighter Aja Monet 2017-05-01 I am 27 and have never killed a man but I know the face of death as if heirloom my country memorizes murder as lullaby —from “For Fahd” Textured with the sights and sounds of growing up in East New York in the nineties, to school on the South Side of Chicago, all the way to the olive groves of Palestine, My Mother Is a Freedom Fighter is Aja Monet’s ode to mothers, daughters, and sisters—the tiny gods who fight to change the world. Complemented by striking cover art from Carrie Mae Weems, these stunning poems tackle racism, sexism, genocide, displacement, heartbreak, and grief, but also love, motherhood, spirituality, and Black joy. Praise for Aja Monet: “[Monet] is the true definition of an artist.” —Harry Belafonte ““In Paris, she walked out onto the stage, opened her mouth and spoke. At the first utterance I heard that rare something that said this is special and knew immediately that Aja Monet was one of the Ones who will mark the sound of the ages. She brings depth of voice to the voiceless, and through her we sing a powerful song.” —Carrie Mae Weems Of Cuban-Jamaican descent, Aja Monet is an internationally established poet, performer, singer, songwriter, educator, and human rights advocate. Monet is also the youngest person to win the legendary Nuyorican Poet’s Café Grand Slam title.

Muve The Body, Heal The Mind Jennifer Heisz 2022-03-08 A noted neuroscientist reveals groundbreaking research on how fitness and exercise can combat mental health conditions such as anxiety, dementia, ADHD, and depression, and offers a plan for improving focus, creativity, and sleep. Jennifer Heisz shares paradigm-shifting research on how exercise affects the brain, finding that intervals of intense workouts, or even leisurely walks, help stop depression and dementia, lessen anxiety and ADHD, and encourage better sleep, creativity, and resilience. Physical inactivity is the greatest risk factor contributing to dementia and anxiety—it’s as much a factor as genetics. In addition, exercise’s anti-inflammatory properties make it the most effective treatment strategy for those who are depressed and don’t respond to anti-depressants. The book focuses on overcoming inertia; using exercise to help fight addictions; how we can improve our memory with fitness even as we age; and, importantly, how exercise can help us sleep better, improve focus, and be more creative. Included are easy to use plans for unique aerobic and resistance workouts designed to strengthen the brain.

The Mind Workout Mark Freeman 2017-06-01 It's well known that if you want to keep your body fit, you must do some regular exercise. But when it comes to our mental health, few of us take the time to maintain and improve it. For some reason, we expect to be in great mental shape without doing any work. And when we realise we're struggling, we look for a quick and easy fix instead of developing the skills that will help us in the future. Enter The Mind Workout - a home exercise programme for improving your mental health and fitness. Developed as a result of Mark Freeman's own recovery from mental illness, The Mind Workout combines mindfulness, Cognitive Behavioural Therapy (CBT) and Acceptance and Commitment Therapy (ACT). It outlines twenty easy-to-follow steps you can take to free yourself from the ways of thinking and behaving that cause mental health challenges in your life - from cutting out the compulsions that cause uncertainty, anxiety and distress to relieving stress and distraction. The Mind Workout is the key to making the switch from a frenetic, anxiety-driven life to one that's based on your core values. It will leave you feeling mentally stronger, fitter and better equipped to navigate the complexities of everyday life.

The Kim Jong Il Regime in North Korea Charles W. Tarrington 2009 Much hyperbole surrounds the political regime in the Democratic People's Republic of Korea (DPRK, or North Korea). Many analysts argue that North Korea is a unique political system. What kind of regime is the DPRK, and what kind of leader does it have? A variety of labels are given to the North Korean regime. These include likening the regime to an organised crime family and to a corporatist organism. There are certainly merits to each of these approaches, but each has its limitations. Pyongyang does share some of the attributes of organised crime and certainly engages in criminal activity in a systematic and calculating manner. This pattern of illicit behaviour includes the production and distribution of narcotics as well as the counterfeiting of foreign currencies, cigarettes, and pharmaceuticals. But the DPRK is more than a crime family -- it possesses a massive conventional military force as well as significant strategic forces. Moreover, the regime continues to brainwash, imprison, or starve North Koreans, inflicting untold misery and death on its people. Corporatism, meanwhile, may provide insights into certain aspects of the system, but its utility is limited by the confusion that surrounds understanding of this concept. An absolute dictator still rules the regime.

Axel Vervoordt: Portraits of Interiors 2019-11-05 Seventeen homes demonstrate how Axel Vervoordt incorporates nature, art, and timeless interiors to create living spaces that encourage self-reflection, inspiration, and happiness. For a half century, Axel Vervoordt's vision has been defined by a continual quest for harmony, beauty, and the creation of interior atmospheres that are rooted in the past, connected to the future, and imbued with today's comforts. These eighteen residences—from an urban New York penthouse or Moscow apartment to a waterfront estate in New England, and from a Tokyo dwelling to a Bordeaux wine château or a Wabi-Sabi farmhouse—reveal how art complements architecture and the elements of nature in an alchemy of Vervoordt expression. Portraits of each residence—including the Vervoordts' own homes in Venice and Belgium—feature sweeping vistas of the surrounding landscape and a tour through the interiors. Each detail—from the materials used to the graceful placement of a well-chosen object—offers deep insight into the Vervoordt design approach and abiding principles for living and working well.

Images of Postmodern Society Norman K K Denzin 1991-08-27 By using a series of studies of contemporary mainstream Hollywood movies - "Blue Velvet, Wall Street, Crimes and Misdemeanors, When Harry Met Sally, Sex Lies and Videotape, Do the Right Thing "- Norman Denzin explores the tension between ideas of the postmodern, and traditional ways of analyzing society. The discussion moves between two forms of text: social theory and cinematic representations of contemporary life. Denzin analyzes the ideas of society embedded in poststructuralism, postmodernism, feminism, cultural studies and Marxism through the ideas of key theorists like Baudrillard, Barthes, Habermas, Jameson, Bourdieu and Derrida. He relates these to the problematic of the postmodern self as exposed in cinema centering on the decisive performance of race, gender and class.
