All My Life Susan Lucci 2011-09-13 "See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and All My Children were introduced to the world in 1971,

American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. All My Life shares the stories of those transformations: starring in

roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in *Annie Get Your Gun*; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show *Dancing with the Stars*; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her *Erica Kane*. As charming, down-to-earth, and compelling as the woman whose story it tells, *All My Life* shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.

[Epic Survival](#) Matt Graham 2015-07-14 Matt Graham, star of the Discovery Channel's *Dual Survival* and *Dude, You're Screwed*, details the physical, mental, and emotional joys and harrowing struggles of his life as a modern-day hunter-gatherer. Early on in his life, Matt craved a

return to nature. When he became an adult, he set aside his comfortable urban life and lived entirely off the land to learn from the smallest and grandest of all things. In this riveting narrative that brings together epic adventure and spiritual quest, he shows us what extraordinary things the human body is capable of when pushed to its limits. In *Epic Survival*, written with Josh Young, coauthor of five New York Times bestsellers, Matt relays captivating stories from his life to show just how terrifying—and gratifying—living off the grid can be. He learns the secrets of the Tarahumara Indians that helped him run the 1,600-mile Pacific Crest Trail in just fifty-eight days and endure temperature swings of 100 degrees. He takes us with him as he treks into the wilderness to live alone for half a year, armed with nothing but a loincloth, a pair of sandals, a stone knife, and chia seeds. He recounts near-death experiences of hiking alone through the snowdrifts at the bottom of the Grand Canyon, and tells us about the time he entered a three-day Arabian horse race on foot—and finished third. Above all, *Epic Survival* is a book about growing closer to the land that nurtures us. No matter how far our modern society takes us from the wilderness, the call remains. Whether you're an armchair survivalist or have taken the plunge yourself, Matt's story is both inspiration and invigoration, teaching even the most urbane among us important and breathtaking lessons.

Quiet Hero Rita Cosby 2010-05-18 When a father reveals his haunting past, a daughter takes an incredible journey of self-discovery . . . Emmy® award-winning journalist, TV host, and New York Times bestselling author Rita Cosby has always asked the tough questions in her interviews with the world's top newsmakers. Now, in a compelling and powerful memoir, she reveals how she uncovered an amazing personal story of heroism and courage, the untold secrets of a man she has known all her life: her father. Years after her mother's tragic death, Rita finally nerved herself to sort through her mother's stored belongings, never dreaming what a dramatic story was waiting for her. Opening a battered tan suitcase, she discovered it belonged to her

father—the enigmatic man who had divorced her mother and left when Rita was still a teenager. Rita knew little of her father’s past: just that he had left Poland after World War II, and that his many scars, visible and not, bore mute witness to some past tragedy. He had always refused to answer questions. Now, however, she held in her hand stark mementos from the youth of the man she knew only as Richard Cosby, proud American: a worn Polish Resistance armband; rusted tags bearing a prisoner number and the words Stalag IVB; and an identity card for an ex-POW bearing the name Ryszard Kossobudzki. Gazing at these profoundly telling relics, the well-known journalist realized that her father’s story was one she could not allow him to keep secret any longer. When she finally did persuade him to break his silence, she heard of a harrowing past that filled her with immense pride . . . and chilled her to the bone. At the age of thirteen, barely even adolescent, her father had seen his hometown decimated by bombs. By the time he was fifteen, he was covertly distributing anti-Nazi propaganda a few blocks from the Warsaw Ghetto. Before the Warsaw Uprising, he lied about his age to join the Resistance and actively fight the enemy to the last bullet. After being nearly fatally wounded, he was taken into captivity and sent to a German POW camp near Dresden, finally escaping in a daring plan and ultimately rescued by American forces. All this

before he had left his teens. This is Richard Cosby’s story, but it is also Rita’s. It is the story of a daughter coming to understand a father whose past was too painful to share with those he loved the most, too terrible to share with a child . . . but one that he eventually revealed to the journalist. In turn, Rita convinced her father to join her in a dramatic return to his battered homeland for the first time in sixty-five years. As Rita drew these stories from her father and uncovered secrets and emotions long kept hidden, father and daughter forged a new and precious bond, deeper than either could have ever imagined.

Erasing Death Sam Parnia 2013-02-26 Erasing Death: The Science That Is Rewriting the Boundaries Between Life and Death reveals that death is not a moment in time. Death, rather, is a process—a process that can be interrupted well after it has begun. Innovative techniques have proven to be effective in revitalizing both the body and mind, but they are only employed in approximately half of the hospitals throughout the United States and Europe. Dr. Sam Parnia, Director of the AWARE Study (AWAREness during REsuscitation) and one of the world’s leading experts on the scientific study of death and near-death experiences (NDE), presents cutting-edge research from the front lines of critical care and resuscitation medicine while also shedding light on the ultimate mystery: What happens to human

consciousness during and after death? Dr. Parnia reveals how some form of “afterlife” may be uniquely ours, as evidenced by the continuation of the human mind and psyche after the brain stops functioning. With physicians such as Dr. Parnia at the forefront, we are on the verge of discovering a new universal science of consciousness that reveals the nature of mind and a future where death is not the final defeat, but is, in fact, reversible.

I Can't Believe I Lived the Whole Thing Howie Cohen 2019-06-13 His famous Alka Seltzer TV commercials had the whole world saying, "I can't believe I ate the whole thing" and "Try it, you'll like it." In this fun, fast-paced, and often hilarious memoir, Howie Cohen gives us a front row seat to those amazing revolutionary times: how pot and the pill opened the doors (and everything else) to sexual and creative freedom; the creative takeover by mensch-y Jewish copywriters and macho Italian art directors; the disruption of ad campaigns like "the dumb shoe" and "the exploding clown"; the madness of Hollywood movie moguls; the sacrifices, the struggles, the wins and the losses. I Can't Believe I Lived the

Whole Thing chronicles Howie's personal journey from The Bronx to the Clio Hall of Fame in an era that changed the look and the language of American pop culture.

Haunted Heart Lisa Rogak 2010-01-05 A fascinating look at the life of the author who created such modern classics as *Carrie*, *IT*, and *The Shining*. One of the most prolific and popular authors in the world today, Stephen King has become part of pop culture history. But who is the man behind those tales of horror, grief, and the supernatural? Where do these ideas come from? And what drives him to keep writing at a breakneck pace after a thirty year career? In this unauthorized biography, Lisa Rogak reveals the troubled background and lifelong fears that inspire one of the twentieth century's most influential authors. King's origins were inauspicious at best. His impoverished childhood in rural Maine and early marriage hardly spelled out the likelihood of a blossoming literary career. But his unflagging work ethic and a ceaseless flow of ideas put him on the path to success. It came in a flash, and the side effects of sudden stardom and seemingly unlimited wealth soon threatened to destroy his work and, worse, his life. But he survived and has since continued to write at a level of originality few authors could ever hope to match. Despite his dark and disturbing work, Stephen King has become revered by critics and his countless fans as an all-American voice more akin to Mark

Twain than H. P. Lovecraft. *Haunted Heart* chronicles his story, revealing the character of a man who has created some of the most memorable---and frightening---stories found in literature today. Stephen King on Stephen King: "I'm afraid of everything." "As a kid, I worried about my sanity a lot." "I am always interested in this idea that a lot of fiction writers write for their fathers because their fathers are gone." "Writing is an addiction for me." "I married her for her body, though she said I married her for her typewriter." "When you get into this business, they don't tell you you'll get cat bones in the mail." "You have to be a little nuts to be a writer." "There's always the urge to see somebody dead that isn't you."

Never Have Your Dog Stuffed Alan Alda

2005-09-13 He's one of America's most recognizable and acclaimed actors—a star on Broadway, an Oscar nominee for *The Aviator*, and the only person to ever win Emmys for acting, writing, and directing, during his eleven years on *M*A*S*H*. Now Alan Alda has written a memoir as elegant, funny, and affecting as his greatest performances. "My mother didn't try to stab my father until I was six," begins Alda's irresistible story. The son of a popular actor and a loving but mentally ill mother, he spent his early childhood backstage in the erotic and comic world of burlesque and went on, after early struggles, to achieve extraordinary success in his profession.

Yet Never Have Your Dog Stuffed is not a memoir of show-business ups and downs. It is a moving and funny story of a boy growing into a man who then realizes he has only just begun to grow. It is the story of turning points in Alda's life, events that would make him what he is—if only he could survive them. From the moment as a boy when his dead dog is returned from the taxidermist's shop with a hideous expression on his face, and he learns that death can't be undone, to the decades-long effort to find compassion for the mother he lived with but never knew, to his acceptance of his father, both personally and professionally, Alda learns the hard way that change, uncertainty, and transformation are what life is made of, and true happiness is found in embracing them. *Never Have Your Dog Stuffed*, filled with curiosity about nature, good humor, and honesty, is the crowning achievement of an actor, author, and director, but surprisingly, it is the story of a life more filled with turbulence and laughter than any Alda has ever played on the stage or screen.

Know Not Why Hannah Johnson 2019-08-22

Howie gets a job at Artie Kraft's Arts 'N Crafts hoping to score with his lady coworkers. After all, girls love a sensitive guy, and what's more sensitive than dedicating your life to selling yarn and ... stuff? (Okay, so maybe it'd be a good idea to actually learn what one sells at an arts 'n crafts store.) But things don't go exactly according to

plan. Coworker #1 is Kristy: blonde, bubbly, unattainable perfection. Coworker #2 is Cora: tiny, much-pierced, and way too fierce to screw with in any sense. And Coworker #3 is, well, Arthur. It goes without saying that he's not an option. Right?... Right? Yeah, Howie's life just got straight up confusing. Pun intended.

Pack of Two Caroline Knapp 2010-08-10 At the age of 36, Caroline Knapp, author of the acclaimed bestseller *Drinking: A Love Story*, found herself confronted with a monumental task: redefining her world. She had faced the loss of both her parents, given up a twenty-year relationship with alcohol, and, as she writes, "I was wandering around in a haze of uncertainty, blinking up at the biggest questions: Who am I without parents and without alcohol? How to form attachments, and where to find comfort, in the face of such daunting vulnerability?" An answer materialized in the most unlikely form: that of a dog. Eighteen months to the day after she quit drinking, Knapp stumbled upon an eight-week-old puppy at a local animal shelter, took her home, and named her Lucille. Now two years old, Lucille has become a central force in Knapp's life: "In her," she writes, "I have found solace, joy, a bridge to the world." Caroline Knapp has been celebrated as much for her fresh insight into emotional and psychological issues as she has been for her gifts as a writer. In *Pack of Two*, she brings the same perception and talent to bear on

the rich, complicated terrain of human-animal relationships. In addition to mining her own experience with Lucille, Knapp speaks to a wide variety of dog people--from animal behaviorists and psychologists to other owners whose dogs have deeply affected their lives--about this emotionally complex, sometimes daunting, often profoundly healing alliance. Throughout, she explores the shift in canine roles from working partners to intimate companions and looks, too, at how this new kinship, this wordless bond, becomes a template for what we most desire ourselves.

Expedition Deep Ocean Josh Young 2020-12-01

The riveting story of the exploration of the final frontier of our planet—the deep ocean—and history-making mission to reach the bottom of all five seas. Humankind has explored every continent on earth, climbed its tallest mountains, and gone into space. But the largest areas of our planet remain largely a mystery: the deep oceans. At over 36,000 feet deep, these areas closest to earth's core have remained nearly impossible to reach—until now. Technological innovations, engineering breakthroughs and the derring-do of a team of explorers, led by explorer Victor Vescovo, brought together an audacious global quest to dive to the deepest points of all five oceans for the first time in history. The expedition pushed technology to the limits, mapped hidden landscapes, discovered previously unknown life forms and began to piece together how life in the deep oceans affects our planet—but it was far from easy. Expedition Deep Ocean is the inside story of this exploration of one of the most unforgiving and mysterious places on our planet, including the site of the Titanic wreck and the little-understood Hadal Zone. Vescovo and his team would design the most advanced deep-diving submersible ever built, where the pressure on the sub is 8 tons per square inch—the equivalent of having 292 fueled and fully loaded 747s stacked on top of it. And then there were hurricane-laden ocean waters and the byzantine web of global oceanography politics. Expedition

Deep Ocean reveals the marvelous and otherworldly life found in all five deep ocean trenches, including several new species that have posed as of yet unanswered questions about survival and migration from ocean to ocean. Then there are the newly discovered sea mounts that cause tsunamis when they are broken by shifting subduction plates and jammed back into the earth crust, something that can now be studied to predict future disasters. Filled with high drama, adventure and the thrill of discovery, Expedition Deep Ocean celebrates courage and ingenuity and reveals the majesty and meaning of the deep ocean.

Director's Cut Ted Kotcheff 2017-03-14 From Weekend at Bernie's to First Blood and Law & Order: SVU, the legendary director recounts his journey and wide-ranging career in this intimate memoir. Born to immigrant parents and raised in the slums of Toronto during the Depression, Ted Kotcheff learned storytelling on the streets before taking a stagehand job at CBC Television.

Kotcheff went on to direct some of the greatest films of the freewheeling 1970s, including The Apprenticeship of Duddy Kravitz, Wake in Fright, and North Dallas Forty. After directing the 1980s blockbusters First Blood and Weekend at Bernie's, Kotcheff helped produce the groundbreaking TV show Law & Order: Special

Victims Unit. During his career, he was declared a communist by the US government, banned from the Royal Albert Hall in London, and coped with assassination threats on one of his lead actors.

With his seminal films enjoying a critical renaissance, including praise from Martin Scorsese and Nick Cave, Kotcheff now turns the lens on himself. Director's Cut is not just a memoir, but a close-up on life and craft, with stories of his long friendship with Mordecai Richler and working with stars like Sylvester Stallone, James Mason, Gregory Peck, Ingrid Bergman, Gene Hackman, Jane Fonda, and Richard Dreyfuss, as well as advice on how to survive the slings and arrows of Hollywood. "As he explains why music matters, how Gene Hackman gets into character, and how shooting a nighttime kangaroo slaughter resulted in a change in Australian hunting policy, Kotcheff's love of the whole process of filmmaking shines through."

Kasher in the Rye Moshe Kasher 2012-03-28 Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran

away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

When Antsy steps in to take the fall for Tilde, he becomes the focus of a major international incident and the poster child for questionable decisions. Equal parts clever and riotous, Ship Out of Luck brings back the beloved cast of characters from Neal Shusterman's acclaimed The Schwa Was Here and Antsy Does Time.
