**Melancholia and
Maturation** Eric L.

Tribunella 2010-01-15

"Coming of age" in children's fiction often means achieving maturity through the experience of trauma. In classics ranging from Old Yeller to The Outsiders, a narrative of psychological pain defies expectations of childhood as a time of innocence and play. In this provocative new book, Eric L. Tribunella explores why trauma, especially the loss of a loved object, occurs in some of the most popular and critically

acclaimed twentieth-century American fiction for children. Tribunella draws on queer theory and feminist revisions of Freud's notion of melancholia, which is described as a fundamental response to loss, arguing that the low-grade symptoms of melancholia are in fact what characterize the mature, sober, and responsible American adult. *Melancholia and Maturation* looks at how this effect is achieved in a society that purports to protect youngsters from every possible source of danger, thus requiring melancholia to be induced artificially. Each of the book's five chapters focuses on a different kind of lost object sacrificed so as to propel the child toward a distinctively gendered, sexual, ethical, and national adulthood—from same-sex friends to the companionship of boy-and-his-dog stories, from the lost ideals of historical fiction about the American

Revolution to the children killed or traumatized in Holocaust novels. The author examines a wide spectrum of works—including Jack London's dog tales, the contemporary "realistic" novels of S. E. Hinton, and Newbery Medal winners like Johnny Tremain and *Bridge to Terabithia*. Tribunella raises fundamental questions about the value of children's literature as a whole and provides context for understanding why certain books become required reading for youth. Eric L. Tribunella is assistant professor of English at the University of Southern Mississippi. His articles have been published in *Children's Literature Association Quarterly*, *Children's Literature in Education*, *The Lion and the Unicorn: A Critical Journal of Children's Literature*, and *Children's Literature*.

Notable Children's Book *
Winner of the Lewis Carroll Shelf Award A captivating and richly detailed novel about one young soldier who saw the Civil War from both sides and lived to tell the tale. Earnest, plain-spoken sixteen-year-old Jeff Bussey has finally gotten his father's consent to join the Union volunteers. It's 1861 in Linn County, Kansas, and Jeff is eager to fight for the North before the war is over, which he's sure will be soon. But weeks turn to months, the marches through fields and woods prove endless, hunger and exhaustion seem to take up permanent residence in Jeff's bones, and he learns what it really means to fight in battle—and to lose friends. When he finds himself among enemy troops, he'll have to put his life on the line to advance the Union cause. Thoroughly researched and based on firsthand accounts, *Rifles for Watie* "should hold a place with the best Civil War

fiction for young people" (The Horn Book). A strong choice for independent reading and for sharing in a classroom and for homeschooling. As a homeschool cooperative teacher commented: "The book has launched many discussions in our class. When a person is on one side of a conflict, it is important to remember that people on the other side are also people. Jeff is a perfect model for how treating people with respect can happen even in war."

category of 'Novelists You'd Most Like to Drive Across the Country With.'" —The New York Times Book Review David Hedges's life is coming apart at the seams. His job helping San Francisco rich kids get into the colleges of their (parents') choice is exasperating; his younger boyfriend has left him; and the beloved carriage house he rents is being sold. His solace is a Thai takeout joint that delivers 24/7. The last person he expects to hear from is Julie Fiske. It's been decades since they've spoken, and he's relieved to hear she's recovered from her brief, misguided first marriage. To him, Julie definitely doesn't have a problem with marijuana (she's given it up completely, so it doesn't matter if she gets stoned almost daily) and the Airbnb she's running out of her seaside house north of Boston is neither shabby nor illegal. And she has two whole months to come up

with the money to buy said house from her second husband before their divorce is finalized. She'd just like David's help organizing college plans for her seventeen-year-old daughter. That would be Mandy. To quote Barry Manilow, Oh Mandy. While she knows she's smarter than most of the kids in her school, she can't figure out why she's making so many incredibly dumb and increasingly dangerous choices? When David flies east, they find themselves living under the same roof (one David needs to repair). David and Julie pick up exactly where they left off thirty years ago—they're still best friends who can finish each other's sentences. But there's one broken bit between them that no amount of home renovations will fix. In prose filled with hilarious and heartbreakingly accurate one-liners, Stephen McCauley has written a novel that examines how we

define home, family, and love. Be prepared to laugh, shed a few tears, and have thoughts of your own ex-life triggered. (Throw pillows optional.)
